Steve,

We will do our best.

As you know, the money is not sitting in an in-house account. The bank has to transfer the funds from the "Chevron Litigation Account" to our distribution account. At this point, I have no authority. (Correction! I have no authority from any point.)

I'll be in touch with you tomorrow.

Luis is Luis Yanza, the coordinator of the case, and the guy who runs the Selva Viva account. He is the same guy we have always worked with.

There is no invoice -- monies will be accounted for with receipts as always.

This is a separate piece of work that is being run by the Front. The Front created Selva Viva as a pass thru mechanism to administer the funds for the litigation; the Front controls Selva Viva. This separate account will be used for same purpose under the same control of the Front and Yanza, and will be accounted for the same way with receipts.

I hope this is enuf. Tks, SRD

Hi Steve,

We expect Joe to be back in the office on Friday. Kathy Kenny has a couple of questions regarding your request below.

- (1) Who is Luis Francisco and what is his relationship to Amazon Defense Front?
- (2) Is there an invoice for the services rendered? and
- (3) Kathy is under the impression that the "Selva" firm was retained in place of "Front" and therefore would like to know why we are still seeking and/or using the services of Front?

K.
