

List of Phase II Chevron Experts
and Their Academic Credentials

Expert	Expertise	Degrees	University
Robert E. Hinchee	Environmental Engineer	Bachelors in Zoology/Chemistry	Utah State University
		Masters in Oceanography	Louisiana State University
		PhD in Civil and Environmental Engineering	Utah State University
Theodore D. Tomasi	Economist	Bachelors in Public and Environmental Policy	University of Colorado
		Masters in Economics	University of Colorado
		PhD in Natural Resource Economics	University of Michigan
Deborah Proctor	Toxicologist, Specialist in Chromium	Bachelors in Environmental Toxicology	University of California - Davis
		Graduate Studies in Epidemiology	University of Pittsburgh, PA
Douglas J. MacNair	Environmental Economist	Bachelors in History	State University College at Fredonia, NY
		Masters in Applied Economics	State University of NY at Binghamton
		PhD in Economics	North Carolina State University
Claudia Sanchez de Lozada	Environmental Impact Studies	Bachelors in Environmental Studies	Macalester College, Minnesota
Bjorn Bjorkman	Ecological Biologist	Bachelors in Environmental Biology	University of California, Santa Barbara
		Masters in Aquatic Ecology/Limnology	University of Minnesota
Douglas Southgate	Economist	Bachelors in Economics	University of Oregon
		PhD in Agricultural Economics	University of Wisconsin
Robert Wasserstrom	Anthropologist	Bachelors in Anthropology	Harvard University
		Masters in Anthropology	Harvard University
		PhD in Anthropology	Harvard University
Roberto C. Landazuri	Environmental Engineer	Bachelors in Environmental Engineering	Sek International University, Quito, Ecuador
		Masters in Physical Land Resources	RUG Ghent University, Ghent, Belgium
James M. Ellis	Geology	Bachelors in Geology	University of Rochester, NY
		Masters in Geology	State University of NY at Buffalo
		PhD in Geology	State University of NY at Buffalo
William C. Hutton	Environmental Engineer	Bachelors in Civil Engineering	Texas A&M University
		Masters in Civil/Environmental Engineering	University of Houston, TX
		Bachelors in Business Administration	Texas A&M University
John A. Connor	Environmental Engineer	Bachelors in English	Stanford University
		Masters in Civil Engineering	Stanford University
William D. Di Paolo	Geology	Bachelors in Geology	Northern Illinois University
		Masters in Geology	Northern Illinois University
Laura B. Hall	Natural Resource Specialist	Bachelors in Chemistry and Biology	New Mexico Highlands University
		Masters in Forest Genetics	Colorado State University
Gregory S. Douglas	Environmental Chemistry	Bachelors in Chemical Oceanography	Florida Institute of Technology
		Masters in Chemical Oceanography	University of Rhode Island
		PhD in Chemical Oceanography	University of Rhode Island
Michael A. Kelsh	Epidemiologist	Bachelors in Cellular Biology/Spanish	University of California, Santa Barbara
		Masters in Latin American Studies	University of California, Los Angeles
		Masters in Public Health, Epidemiology	University of California, Los Angeles
		PhD in Epidemiology	University of California, Los Angeles
Thomas E. McHugh	Toxicologist	Bachelors in Biochemistry and Environmental Science	Rice University
		Masters in Environmental Engineering	Stanford University
		PhD in Toxicology	University of Washington
Ernesto Baca	Environmental Engineer	Bachelors in Environmental Engineering	Rensselaer Polytechnic Institute
		Masters in Environmental Engineering	Rice University
